History of The College

Reliving the transformative spirit in the Indian history that animated the 19th and the 20th century, Hooghly Mohsin College stands out as a beacon of enlightenment and a harbinger of cultural, social and intellectual movement known as the Bengal Renaissance. It is one of the oldest colleges of India which celebrates its rich heritage while embracing new ideas in the one hundred eighty-nine long years since its inception in 1836. Situated in the historical town of Chinsurah, the headquarters of Burdwan Division and Hooghly District, it is one of the premier academic institutions not only in West Bengal but in India. Following the blueprint prepared by Macaulay and with the help of a trust fund of the legendary philanthropist Haji Mohammed Mohsin, the college started its journey on the 1st day of August, 1836 in Perron's house, a magnificent piece of architecture overlooking the Hooghly River. For the first one hundred years of its existence, the college was known as New Hooghly College. On the occasion of its centenary celebrations, the college was renamed as Hooghly Mohsin College.

This distinguished institution is known not just for academic excellence but for its remarkable alumni who have left lasting impressions on society. Bankim Chandra Chattopadhyay, the composer of 'Bande Mataram' and other eminent writers of Bengal like Dwijendralal Roy, Sanjib Chandra Chattopadhyay, Rangalal Bandyopadhyay were eminent students of this college. Biplabacharya Jyotis Chandra Ghosh, Mujaffar Ahmed, Kanailal Datta, Bhupati Majumder, Charu Chandra Roy, Pramathanath Mitra, Brahmabandhab

Upadhyay, Debendranath Mondal who were associated with this college as students or teachers, dedicated their lives to the cause of Indian Freedom Movement. A versatile genius, Judge and Jurist, wise leader, writer and historian, Syed Amir Ali was an eminent alumnus of this college of national heritage. Famous scientists such as Dr. Upendranath Brahmachari, Sahairam Basu and J.N. Bhar significantly contributed to Science and Medicine in the global perspective. Noted singers of India like Shyamal Mitra and Satinath Mukhopadhyay who contributed immensely in the cultural world, were students of this college. The pride that the college takes in its former students is evident in its culture, traditions, and unwavering emphasis on nurturing future leaders.

The Main building, the Science Blocks and the cheerful college garden lend quite a unique touch to the ambience of the college campus. Besides the Under Graduate and Post Graduate Departments, the college has a separate Law Section. The college provides its students an excellent setting where they can recognize and utilize their full potential to pursue higher education, become professionals and eventually play their own roles in the enrichment of the intellectual resources of the country to drive and shape their future.

The college was affiliated to University of Calcutta since 1857. The college was later affiliated to University of Burdwan since its inception in 1960. The college has been accredited by NAAC with a grade B++ in 2022.

Goals of Hooghly Mohsin College

Vision

1. Preserving the glorious legacy of the college with an amalgamation of traditional and modern guideposts of education.
2. To be a leading institution of higher education that fosters innovation, excellence, and holistic development.
3. Empowering students to become responsible global citizens and leaders of tomorrow.

Mission

1. To provide high-quality, inclusive, and student-centered education that promotes academic excellence, critical thinking, and lifelong learning.

2. To create a vibrant academic environment that encourages research, creativity, and community engagement.

3. To cultivate ethical values, cultural awareness, and social responsibility among students.

4. To build partnerships with industry, government, and society to address real-world challenges and contribute to sustainable development

About the Founder:

Haji Muhammad Mohsin was a prominent philanthropist in Bengal. Mohsin was born to Haji Faizullah and Zainab Khanam in Hooghly in 1732. He was self-taught and vastly learned in the Quran, Hadith and the Fiqh. He travelled to different countries - Iran, Iraq, Arabia and made pilgrimage to holy places, for he believed that travelling widens the horizon of one's perception. He led a very simple and pious life. In the Government record of 1769-70 he is mentioned as setting up several *langarkhanas* during the Famine of that period and donating to the Government famine fund. He dedicated all the income from his property for charity and, social and educational causes. It is believed that one- third of his fortune was donated for education and religious programmes, four- ninth was donated for giving pensions to the elderly and disabled and the rest was for the expenses of the two trustees. Because of his generosity he was called Danvir Mohsin.

He was the founder of Hooghly Immambara. He also gave 40 acres of land out of 42 acres for establishing Government BL College, Khulna, Bangladesh. To commemorate his immense contribution in the field of education, many educational institutions in India and Bangladesh have been named after Muhammad Mohsin. Hooghly Mohsin College, formerly known as New Hooghly College in Chinsurah, West Bengal, was established by him. The College was renamed as Hooghly Mohsin College on its centenary day celebration in 1936 to acknowledge the contribution of its founder Haji Muhammad Mohsin to spread education in West Bengal. On 29th November, 1812, he breathed his last.

From the Principal's Desk

The end and aim of all education is man-making and character-making.

– Swami Vivekananda.

Welcome to Hooghly Mohsin College – a place where tradition meets innovation, and learning transforms into leadership. It is with great pride and pleasure that I extend a warm welcome to you on behalf of our entire college community. At Hooghly Mohsin College, we believe education is not merely about acquiring degrees—it is about shaping character, nurturing curiosity, and inspiring a lifelong pursuit of knowledge and purpose.

Our college is a Government College with a rich legacy of academic excellence, cultural vibrancy, and community engagement which dates back to the days of the 19th century Bengal Renaissance. This college is an alma mater to which all alumni look back with fond memories. Over the years, our alumni have gone on to become trailblazers in their respective fields, bringing honor to the institution and serving as role models for generations to come. We are proud of our dedicated faculty, supportive staff, and most importantly, our students—who continuously strive to reach new heights.

As Principal, I am committed to upholding the values that make this institution special—integrity, inclusiveness, and innovation. We encourage our students to explore their passions, think critically, and grow not just intellectually, but also as responsible global citizens.

Whether you are a prospective student, a proud parent, a dedicated faculty member, or an alumnus reconnecting with your roots, I invite you to explore our website and discover all that Hooghly Mohsin College has to offer. Together, let us continue to learn, lead, and leave a legacy.

Warm regards,

Dr. Purushottam Pramanik,

Principal,

Cells and Internal Committees:

Internal Quality Assurance Cell (IQAC)

The Internal Quality Assurance Cell (IQAC) of Hooghly Mohsin College was established in 2007, shortly after the College was awarded its first-cycle accreditation with 83% score in the same year by the National Assessment and Accreditation Council (NAAC), an autonomous body under the University Grants Commission (UGC). Since then the IQAC has been reconstituted periodically in accordance with the NAAC guidelines with a senior member of the teaching staff as its coordinator. As a post accreditation measure the IQAC monitors the overall development programme of the college and takes active role in academic and administrative affairs by finding out the areas of weakness and providing positive suggestions to the administration for overcoming the same. It also prepares the future project and plays the pivotal role in sustaining and improving the institutional quality. **In September 2022 the College has been awarded its Second-cycle accreditation with Grade B$^+$ by the National Assessment and Accreditation Council**.

In conformity with the spirit that NAAC espouse, the IQAC functions not as just another layer in the administrative hierarchy. Though its ambit is all-embracing, the IQAC functions as an advisory and facilitating body rather than as a source of administrative instructions. As a catalyst, the College IQAC strives to synergize activities of the different wings of the College. Its responsibility is to nurture an environment that is congenial to an ideal teaching learning process, research activities, and a transparent and efficient administrative process which is sensitive to stakeholders' needs. Its responsibility also includes ensuring incentive compatibility for the stakeholders to discharge their respective functions to their full potential.

To this end IQAC gathers required information through regular interactions with stakeholders and periodic feedbacks through questionnaires from them. Important issues are deliberated on in its meetings. The College Principal being the chairperson of IQAC, the suggestions for improvement put forward by IQAC have an in-built communication route.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act,2013 implemented by the Ministry of Women and Child Development, Government of India. The Ministry of Human Resource Development via notification dated 2nd May, 2016 made University Grants Commission (Prevention, Prohibition and Redressal of Sexual Harassment of Women employees and students in Higher Educational Institutions) Regulation, 2015.It is a comprehensive legislation to provide a safe, secure and enabling environment, free from sexual harassment to every woman. This statute was enacted to fill the legislative void which had been partially addressed by the judiciary in *Vishaka and Others v. State of Rajasthan and Others* (1997 (7) SCC 323). In this seminal public interest litigation verdict, the Supreme Court of India had framed a set of guidelines ("**Vishaka Guidelines**") for dealing with instances of sexual harassment at the workplace, which has now been codified in the POSH Act.

Under the POSH Act, an employer is legally required to comply with certain statutory requirements. One of these is the constitution of an Internal Complaints Committee ("**ICC**"), a body envisaged to receive complaints on sexual harassment at the workplace from an aggrieved woman, as well as to inquire into and make recommendations to the employer on the action required pursuant to its inquiry of such complaint made.

UGC Regulation states the responsibility of HEIs to act decisively against all gender based violence against employees and students of all sexes and to reinforce its commitment to creating its campus free from discrimination, harassment, retaliation and any form of sexual assault.

According to Supreme Court Guidelines Sexual Harassment can be defined as unwelcome sexually determined behavior whether directly or by implication as

1. Physical contact and advances
2. Demand or request for sexual favors.
3. Making sexually colored remarks
4. Showing pornography
5. Any other unwelcome physical, verbal or nonverbal conduct of sexual nature.

Objective and Role of ICC

1. To take consistent action for Prevention, Prohibition and Redressal of Complaint received regarding sexual harassment, gender discrimination of women employee at Workplace.
2. Prevent gender discrimination and sexual harassment by promoting gender sensitization among the students and employees.
3. Make recommendations to the administration to lay down the procedures for the prohibition, resolution and prosecution of acts of discrimination and sexual harassment by the student and the employee.
4. Deal with the cases of discrimination and sexual harassment of a women employee in a time bound manner aiming at ensuring support services to the victim and termination of harassment.
5. Recommend appropriate punitive action against guilty party.
6. Constantly keep a vigil on the internal processes to check on the safety parameters for women workers especially.
7. Recommend to the employer on changes that needs to be incorporated in various policies, processes and procedural matters related to safety of employees/prevent any kind of sexual harassment from taking place
